Xinhui

Design Researcher

PhD researcher trained in mixed methods, with a Master's in Strategic Design. I turn messy human data into clear, usable insight, running studies from start to finish: objectives, methodology, fieldwork, analysis, and the storytelling that moves stakeholders. Equal parts qualitative depth and quantitative rigour, with a stubborn habit of keeping people at the centre of the decision.

education

PhD, Human-Computer Interaction (HCI)
Eindhoven University of Technology, NL
2019 – 2025

MA, Strategic Design
HfG Schwäbisch Gmünd, Germany
2016 – 2018

BSc, Industrial Design
Beijing Institute of Technology, China
2011 – 2015

experience

Doctoral Design Researcher
TU Eindhoven
2019 – 2025

Coach, Design Research Methods
University teaching
2020 – 2023

Coding & Robotics Instructor
STEM, primary education
2026 – present

Vice Leader
Baidi Accordion Orchestra
2011 – 2015

languages

English – C1
German – B1+
Dutch – B1
Chinese – native

research & methods

Mixed-method research design
In-depth interviews
Longitudinal field studies
Survey & questionnaire
Co-creation workshops
Customer journey mapping

analysis & synthesis

Factor analysis
Group comparison
Framework building
Behavioral pattern analysis
Prototype testing & validation
Data storytelling

software & tools

SPSS – Advanced
R – Intermediate
Miro – Advanced
AI-driven tools – Advanced
Adobe Suite – Intermediate
Figma – Intermediate
Microsoft Office – Advanced

working style

Self-directed, end-to-end ownership
Curious & human-centred
Cross-cultural communicator
Calm under demanding timelines
Turns complexity into clarity
