Professional Development**

Introduction to exploitation of research results and knowledge transfer

This course has a total study load of 8 hours, with 6 hours of face-to-face instruction.

After completing the course, participants:

- are more familiar with the terminology of technology transfer
- can identify opportunities for knowledge transfer resulting from their own research.
- are able to apply the acquired knowledge to their own research situation
- understand what actions to take and who to contact within TU/e Innovation Lab to pursue these opportunities.
